

Experienced Mechanical Services Estimator required, to work on projects ranging from small works (£10k) up to major projects (3m+).

The successful applicant should be experienced in the formulation of accurate net costs for pre-designed projects.

Design & Build experience would be a valuable asset but not essential.

Applicants should be self motivated and will be working as part of a team of Estimators/Business Developers.

Formal qualifications that will be considered are:

- Nationally recognised Building Services qualifications (BTEC, NVQ, HNC, HND, etc.)

Interviews to take place at Preston Head office.
